| Name* | Academic Title* | Email Address* | eRA Commons Username* |
|-------|-----------------|----------------|-----------------------|
|       |                 |                |                       |
|       |                 |                |                       |

**Plan for Didactic Training in Patient Oriented Research\***

Note that all KL2 candidates must have completed a research Master's degree already, or simultaneously apply to the Master of Science/Patient Oriented Research (MS/POR) track in the Department of Biostatistics at the Mailman School of Public Health (see application instructions for further details). Are you also applying to the MS/POR track?\*  Yes  No

Describe your plans for additional training, and how these educational activities will further your career as a clinical/translational scientist. If applying to the MS/POR program, include the electives you would choose. If you already hold a patient-oriented research Master's degree, describe the additional courses you would take as part of the KL2 award. (Please attach this as a part of your supporting documents)

**Supporting Documents** Please e-mail this form and the following supporting documents to David Zhai (dz2214@cumc.columbia.edu) as a single PDF:

- \* Curriculum Vitae
- \* NIH Biosketch: please attach your NIH Biosketch (version C) as well as those of your mentors.
- \* A personal statement (500 words or less). Please tell us about your career goals, and why you have chosen to seek additional research training via the TRANSFORM KL2.
- \* Abstract of research proposal (200 words or less). Be sure to describe the multidisciplinary and/or interdisciplinary aspect of your proposal.
- \* Proposed schedule and rationale for meetings with KL2 mentors (individually and together).
- \* Proposed training plan (see above for the Plan for Didactic Training in Patient Oriented Research).
- \* Three letters of support: two from the primary mentors, and one from the applicant's Department Chair which must include a guarantee of 75% protected time (or 50% for surgeons) for the awardee, professorial appointment, and remaining salary and fringe support provided by the home department using non-PHS funds. Department Chair must also attach the KL2 Statement of Commitment with letter of support.
